NON-DISCLOSURE AND NON-USE AGREEMENT

To be completed only if you are requesting development documentation.

THIS AGREEMENT is entered into between JLC Cooper Electronics, (hereinafter referred to as "JLC Cooper"), and the company listed above, (hereinafter referred to as "Evaluator").

JLC Cooper is engaged in development, production and marketing of products that involve experimental and invention work. The success of JLC Cooper's business depends largely upon trade secrets, ideas and confidential information. JLC Cooper has determined it would be in its best interest to give access to Evaluator of certain of the company's confidential information and trade secrets for the purpose of examination and evaluation as part of a business relationship between JLC Cooper and Evaluator.

Evaluator agrees not to disclose at any time to any person, other than an officer or employee of JLC Cooper entitled to receive the same confidential information or trade secrets of any kind pertaining to, or in any way related to, JLC Cooper's products or business, or information concerning any experimental, development, evaluation, or research conducted by, or for, JLC Cooper pertaining to such products or business.

Evaluator will not make any use, other than for the purpose described above, of any confidential information or trade secrets disclosed by JLC Cooper. Evaluator understands that all records, drawings, specimens and materials relating to such confidential information, trade secrets, invention, improvements, experiments, development, evaluation or research work, whether made by JLC Cooper or otherwise, shall be, and remain, the property of JLC Cooper.

Evaluator further agrees that it shall not make any copies of such materials and shall return all such materials to JLC Cooper immediately upon request of JLC Cooper.

It is the intent of the Evaluator and JLC Cooper that no inventions, improvements, ideas, designs, practices, statistics, or other business of JLC Cooper not known to the industry in general shall be disclosed outside of JLC Cooper's organization without JLC Cooper's permission by anyone who has actual confidential knowledge of such matters during, or as a result of, a confidential relationship with JLC Cooper.

In the event of any litigation related to this Agreement, the prevailing party shall be entitled to its reasonable attorney's fees, in addition to any other remedies.
